

# RICS Annual Networking Dinner

31 January 2020

The Point

850 guests

## Event Overview

In January 2020, the Royal Institution of Chartered Surveyors (RICS), hosted their annual networking dinner for 850 construction professionals in The Point at Emirates Old Trafford.

## The Brief

RICS, who have been coming to Emirates Old Trafford for over 15 years, needed a large venue which had flexible space, fantastic catering and an expert team who could seamlessly deliver the event.

The Point is the largest event space at Emirates Old Trafford and perfect for large events such as gala dinners, awards, mini exhibitions etc. The venue had enough space to accommodate the 850 guests comfortably and included room for a stage, where attendees were served a four-course sit down dinner.

Due to the scale of the event, there was also the need for ample free parking and on-site accommodation, and guests were able to enjoy pre-drinks in the Garden Grille restaurant and bar before heading to the private Mezzanine Bar, overlooking The Point, for a drinks reception.

With the four-star Hilton Garden Inn, complete with its unique bridge links connecting the buildings, Emirates Old Trafford provided the ideal solution for RICS and its guests.

## The Result

*"It was great to be returning to The Point, as I knew the team at Emirates Old Trafford would not only know how to put on a great event, but also be aware of how RICS likes to run our event."*

*"The staff in the run up to and on the evening were exceptionally helpful, accommodating and made any request seem like no problem whatsoever. It was really appreciated especially given some of our very late requests."*

*"I'd also like to particularly highlight the Duty Managers, who were absolutely brilliant on the evening. The team are incredibly professional and really are experts at what they do."*
