

PTP Quarterly Tax Update At Emirates Old Trafford

March 2017

Old Trafford

Date
07 March 2017

Location
Press Lounge

Delegates
50+

Overview

PTP provide CPD training to accountants, tax advisers and lawyers. As well as running public courses in 15 venues across the UK, they also provide in-house courses and online video training.

Expert presenters design and deliver training covering tax, accounting and anti-money laundering, delivered in a format that helps professionals help their clients. The courses give delegates confidence and keep them up-to-date with all the technical, legal and procedural developments which affect the sector.

PTP focuses on current issues affecting accounting and tax advisers, ensuring they receive relevant news and tips in an easy to understand format.

“ Emirates Old Trafford is a great venue. Easy to park, well signed, good catering and well-presented rooms and facilities. This is our second year here, and we hope to use Emirates Old Trafford for many years to come. ”

Giles Mooney
Managing Director PTP Ltd

The Brief

PTP required a high end venue in a great location to hold its Quarterly Tax Update. They needed a suite with the space, light and facilities to meet the requirements of the course they were delivering.

With more than 50 delegates from across Manchester and the wider North West, PTP needed a venue that could offer ample parking and easy access via roads, motorways as well as public transport.

When searching for a venue, PTP needed somewhere that was able to offer them quality refreshments and catering in order to keep delegates focussed and inspired throughout the day.

Results

PTP held a successful training course in the Press Lounge at Emirates Old Trafford, with both PTP and the delegates thrilled with the venue and the facilities on offer throughout.

- ‘A well presented, and excellent course in a venue with great parking and amazing facilities inside and out.’

PTP continue to hold regular training courses at Emirates Old Trafford including their Annual Accounting Update on the 9th May.
